There are seven techniques that are *essential* for “crossing over from English to ASL.” You will be involved in hands-on practice with a learning focus of performing ASL syntax, grammar, concepts, and incorporation of Deaf culture in a friendly, non-judgmental space. You will also have the opportunity to “voice” from ASL to English in group settings for constructive feedback. In the afternoon, you will showcase your skills by interpreting for volunteer Deaf participants using the seven techniques taught during the morning session.

*\*\*This workshop is intended for Working Interpreters and ITP Students\*\**

**\*\*\*This workshop is presented in English. Please notify Deaf and Hard of Hearing Services by October 13, 2017 if accommodations are necessary. \*\*\***
